

Friendship Basket

As a young woman, you are amazing, awesome and sweet.
So learning more about you would be a special little treat.

Fill up this friendship basket with things that you like,
Such as soccer and chocolate and even riding a bike.

Don't spend too much money when you go to the store,
We just want to learn about you. Less is more.

Bring it back to church the next time we all meet,
And show us everything that makes you unique.

Then pick a strip of paper that has another girl's name,
And give her your basket so we can continue this game.
