Ingredients

- Boxed cake mix (plus all the ingredients to make the cake)
- Magic Shell Chocolate Fudge
- Package of Oreos (not double stuffed)
- Quart of ice cream (whatever flavor you want)
- Frosting
- Decorating gel
- Food coloring (optional)

Directions

- 1. Ice cream layer:** Line a 9" cake pan with saran wrap. Then, scoop chunks of the ice cream into the cake pan. Smooth out the ice cream so it evenly fill the entire cake pan. Fold the excess plastic wrap over the top of the ice cream and place the cake pan in the freezer for at least an hour to harden.
- 2. Cake layer:** Prepare your boxed cake mix according to the directions on the package. Then, pour half of the cake mix into a 9" cake pan and cook according to the directions on the cake mix package. Allow to cool completely.
- 3. Crunchy Oreo layer:** Roughly chop the Oreos and mix it with the entire bottle of Magic Shell in a bowl.
- 4. Assemble your cake:** Place the boxed cake in the middle of a cake stand. Then, spread the crunchy Oreo layer over the top. Make sure you get right to the edges and smooth it out as best you can. Finally, remove the ice cream layer from the plastic wrap and the cake pan and place it on top as the final layer. Then, frost and decorate the cake.
